

## RE-IMAGINE

### Please Join ALLRISE DC and Lumeri for an Online Interactive Experience

Times of major disruption can be times for unprecedented change. As we work through this pandemic, can we take a once-in-a-generation opportunity to build a better future?

On May 20, join other senior female leaders in exploring how we can re-imagine a better future for ourselves, families, communities, institutions, and the world. We will deeply reflect upon what is most important and re-envision what could be. We will ask ourselves who we want to become and make a better tomorrow.

ALLRISE DC is sponsoring *Re-Imagine*—an online interactive experience facilitated by Peggy Williams, senior partner at Lumeri. As part of Lumeri’s commitment to The Advancement of Women, Peggy and her colleagues have been working with female leaders worldwide for the past 15 years on making their unique contribution and crafting their Indelible Mark™. She sees this as a moment like no other in our lives and asks how will we use it?

- May 20, 12:30–2:00 PM (EST), Zoom
- June 5, 12:30–1:30 PM (EST), Zoom, Follow-up discussion

### Peggy Williams

Senior Partner, Lumeri

For 30 years, Peggy has worked with executives around the globe to realize their organization’s essential mission and meet their most strategic challenges. Her consulting experience spans four continents, diverse languages and cultures, and a wide range of industries including energy, biotech, healthcare, and technology. Peggy is adept at supporting leaders in isolating and crystalizing the few critical areas on which to focus to turn the tide in positively impacting business results.

Fifteen years ago, Peggy recognized the need to focus on advancing female leaders and has been passionate in that pursuit. This work has included supporting female leaders from across the U.S. and Europe, as well as the Middle East, China, and India.
